11:00 AM CST Session 2	Ask the experts: Tips and advice for upgrading to Infor Lawson 10 Learn about best practices for upgrade planning, installation, testing, application configurations, and project management from an Infor panel of experts. Lead by Hans Mueller	HR History Correction - Managing the time/data continuum. Join us for tips and tricks and need to know info for making corrections to historical data in the system. You'll learn the best way to correct errors, Global HR versus HR11, and when to process a correcting action versus updating the historical record. Led by Ciber.	Finance Users Unite! Join us for a round-robin discussion on all things related to Lawson and/or financial applications. Starter topics to include analytics and dashboards, continuing to whatever our attendees want to talk about. Come prepared with questions you want to ask other Lawson clients, and please be willing to share some of your experiences/practices!
12:00 PM CST	Lunch		
	Training Room 7	Dining Area	Training Room 6
1:00 PM CST Session 3	TNLUG Technical Roundtable TNLUG is still "nerdy"! Come Join your fellow technical peers in a spirited discussion on topics such as: IPA Conversion, Horizontal Scaling, Add-in performance, Patch Management, Single-sign on (SSO), Multi-LDAP bindings Bring Your own Topic!	We Love Payroll! Bails & Associates hosts an open roundtable discussion for those employees who take care of some of our very basic needs – like running payroll! This session is for folks who manage, run, support, or interact with the Lawson Payroll system. Bring your questions about reporting, balancing, interfaces...whatever – and find out how other attendees are handling similar issues.	EDI Health Check Presented by ROI Healthcare Solutions - EDI for all its power is an area that is often overlooked, and if implemented, can easily become a data nightmare if not properly managed and maintained. In this session ROI will discuss problematic areas for table maintenance, such as ED40, introduce a proprietary assessment we've developed to pinpoint problematic areas with data and missing or duplicate records.
2:00 PM CST	break, snacks, and vendor showcase		
	Training Room 6		
2:15 PM CST	Day Two! I'm there – I am on v10 (or getting there) – Now what? Join Richard Leigh Stout, a Partner with RPI Consultants and past presenter at TNLUG, for this upbeat account on state of the industry, high level roadmap, and "Day Two" initiatives. We will review hot & trending products, tools, and technology that fit into your Infor Lawson enterprise plus more – all fresh on the heels of the Infor's Winter Showcase. This is a presentation for all TNLUG participants designed so everyone can take something tangible away.		
3:15 PM CST	Closing and giveaways
