Title	Description	Presenters
Gold Sponsor Presentation A/P Invoice Automation Implementation? It's Easier Than You Think & Keeping the General Ledger General - Gforce Technology	Charting Your Course to Success by Implementing APIA During this session, Greg Gotlin with GForce Technology Consulting will demonstrate how to keep the general ledger general by utilizing Accounts Payable Invoice Automation (APIA) as a prime example. This integrated Infor Financials software is just one tool that enables organizations to reduce the capturing of details in the chart of accounts. APIA has new features that go beyond the standard Accounts Payable module. Learn how APIA has matured into a valuable software with proven ROI through process automation and a single source of truth.	Gforce Technology
What To Expect' a technical roadmap to Cloud Enablement	This presentation will provide you with some of the key technical requirements for the Infor Cloud, along with a general overview of what to expect during your project. Chris will also dive into Security Tool utilization in the cloud and share best practice recommendations.	Chris Cavaliere of HyBridge Solutions
