

**Come see the RPI team...**

You've seen them in the webinars, now come see RPI's presenters live!

Exclusively at the SE Mega meeting in Myrtle Beach, SC on Monday May 23rd and Tuesday May 24th. Get your backstage passes to a 1-on-1 sandbox session too!

## **RPI SE Mega Sandbox Sessions**

Schedule a private hands-on guided tour with our experts:

\*You can schedule a 1-on-1 Sandbox session at: <http://www.rpic.com/semega/>

## **Global HR and Talent Management**

Want to take a peek at Global HR and Talent Management? Schedule some time with our team to dive into RPI's sandbox and explore the features and functionality that can revolutionize your HCM organization including proxy approvals, performance and goal management, competencies and robust supervisor structures. Find out what this project can look like at your organization.

## **Contract Management**

Come play with Lawson's Contract Management solution in RPI's Sandbox. Learn how CM can automate the contract lifecycle, report on contract milestones and rebates, and allow you to load pricing for X type items. Bounce your ideas and questions off our experts to see what this module can do for you.

## **Landmark & Configuration Console**

Pop the hood on Landmark and Configuration Console to see how it will rev up your Lawson system. Come ask our experts about Personalization, Application, Business Classes, Action Requests, Extensions, MIME Types, Actors, Roles and Classes or anything else you might like to know.

## **Learn How to Build an IPA Flow**

Our experts will walk you through how to build a basic flow using Lawson's powerful work flow tool. Learn by doing!

## Lawson Roadmap Planning

What Lawson project and solutions should your organization plan for over the next 3 to 5 years? Let RPI be your Lawson GPS! Schedule a strategy session with RPI's Managing Partner and VP of Services Delivery to prioritize and plan your upcoming Lawson Projects.

You can schedule a 1-on-1 Sandbox session at: <http://www.rpic.com/semega/>

## **RPI's SE Mega Concert Line-Up**

*Come see our team present in person - no concert ticket or reservation is required, but you will love our closing number (prize at each session)!*

## **Performance & Goal Management**

### **Jackie Dudas & Melissa Olson**

Learn how Infor's Performance Management module can utilize core information from Global HR to build out your appraisal form along with the ease of set up and cascading of goals and the delivered approval and notification process to keep your managers and employees in the know every step of the Performance Review process.

**Monday 5/23 @ 4:10 PM - Palisades B**

## **Activity Management: Bring Your Projects Out of the Shadows**

### **Cindi Brackins**

Learn how Lawson's Project Accounting (AC) can help your organization keep track of project expenditures, and project budgets including PO and RQ commitments. Review all the cool things organizations have done with Activities.

**Tuesday 5/24 @ 8:15 AM - Palisades C**

## **Contract Management: Best Practices**

### **Stephanie Kowal**

Learn about leading practices in the implementation and optimization of Infor Contract Management. This session will provide an overview of Contract Management, how it integrates with your procurement S3 modules, as well as the improvements it can offer to your current contract processes. The presentation will also highlight a typical project approach and design process along with a snap shot review of additional features offered within the Contract Management application.

**Tuesday 5/24 @ 8:15 AM - Palisades D**

## **Landmark & Configuration Console Panel Discussion**

### **Richard Stout, Ashley Rhodes, Kathy Williams, Jeff House**

Bring all your landmark and configurations console questions to stump the RPI Panelists!

**Tuesday 5/24 @ 9:15 AM - Palisades A**

## **RQC Best Practices**

**Stephanie Kowal**

Learn about leading practices in the implementation and optimization of Lawson Requisition Center in relation to planning, configuration, end user training and support. Discuss opportunities for continuous improvement by increasing RQC compliance, improving templates, reducing special orders and leveraging Process Automation to build powerful approvals.

*Tuesday 5/24 @ 9:15 AM - Palisades D*

## **ACA Reporting Roundtable**

**Guyla Grover**

Join us for an ACA Q&A to discuss BN 299 Status (Pending development) and Strategic Considerations when Tracking hours, Pay Classes, Employee Statuses, Categorized Positions and Spouses and Dependents.

*Tuesday 5/24 @ 9:15 AM - Palisades E*

## **Lawson AM: Game On!**

**Chris Gordon**

Learn everything you need to know about creating, depreciating, disposing and transfer Assets in Lawson's fully integrated module, including how to leverage Asset Templates in PO and AP and how to Capitalize Assets through Activities.

*Tuesday 5/24 @ 1:15 PM - Palisades D*

## **S3 to GHR Differences**

**Melissa Olson**

Learn about the functionality differences and enhancements coming in Global HR over your existing S3 HCM system.

*Tuesday 5/24 @ 2:15 PM - Palisades E*

**Please feel free to forward this announcement along to anyone that might benefit from these presentations!**
